Extraordinary Care!

My daughter and son-in-law had their wedding reception here last fall. The care, planning, attention to details, quality of food, service and friendliness could not have been any better. Doris is completely serious when she says she treats her clients like family! And having met all the members of her family (including many of her staff), they are as committed to the success as she.

The Hoels

Thank you for this great article on the Chateau! It's been so fun hearing about the developments of this family restaurant over the years and the Hoels are such a wonderful and professional family. Congratulations - you guys deserve it!!!

Excellent!

Doris and her staff amazed my husband and I at our grooms dinner. We were on a budget and Doris made us feel as if we were a king and queen. We did a theme for our grooms dinner and Doris ran with it. Great food, excellent service and a very comfortable environment. Please go check them out the next time you want a great glass of wine and excellent food!

Well deserved praise

My husband and I have been dining here since it opened, we consider it "our place" as well. You are made to feel welcome the second you walk thru the door. The staff is always gracious and the food and wine offerings are always spot on. You can tell that they care and are truly happy you are there. I will be enjoying a lovely birthday dinner there this evening and there isn't other spot I would have rather gone.
